

WHAT IS CAM?

The Construction Association of Michigan (CAM) is the leading association for construction professionals in Michigan, providing valuable resources, networking opportunities, industry advocacy and educational programs. Since 1885, CAM has been dedicated to supporting businesses in the construction industry through collaboration, innovation and leadership.

WHAT'S THE CONNECTION?

- CAMComp was established in 1982 to serve the needs of CAM members by offering an alternative to traditional workers' compensation insurance.
- To participate in CAMComp, a company must be an active member of CAM.
- CAMComp operates independently but benefits from CAM's strong industry presence and member network.
- Both CAM and CAMComp are committed to promoting safety, reducing risks and providing financial advantages to construction businesses.

WHAT IS CAMCOMP?

CAMComp is Michigan's leading self-insured workers' compensation program, designed exclusively for the construction industry. CAMComp prioritizes workplace safety, cost savings and industry-specific support to protect both employers and workers.

WHY CHOOSE US?

Why Choose Us? CAMComp is more than just an insurance option – we're your trusted partner in the construction industry. Through our member resources, from our safety courses to compassionate and simple claims processes, CAMComp caters to the unique needs of the construction industry. Our return of premium credits, rewarding safe work environments, ensures that our commitment to safety translates into direct benefits for your business.

With CAMComp, you not only get coverage, but also a team of experts dedicated to your success.
