

CONSTRUCTION ASSOCIATION OF MICHIGAN AND CONSTRUCTION FEDERAL CREDIT UNION

WHAT IS CAM?

The Construction Association of Michigan (CAM) is the leading association for construction professionals in Michigan, providing valuable resources, networking opportunities, industry advocacy, and educational programs. Since 1885, CAM has been dedicated to supporting businesses in the construction industry through collaboration, innovation, and leadership.

WHAT'S THE CONNECTION?

Construction Federal Credit Union was founded and chartered by the Construction Association of Michigan in September of 1974 to serve the needs of CAM members and their families.

For almost 50 years, CFCU has continued to serve Michigan's construction businesses by providing exceptional financial services tailored to the unique needs of our members.

WHAT IS CFCU?

Construction Federal Credit Union (CFCU) is a not-for-profit, federally-insured banking institution. They offer competitive financial products, and personalized service. Whether you're a contractor, subcontractor, tradesperson, or simply someone who values a strong financial foundation, CFCU is here to empower you on your financial journey for you and your employees.

WHY CHOOSE US?

By joining CAM, your company gains access to a vast network of industry professionals, exclusive resources, and educational opportunities.

When you're a member of Construction Federal Credit Union, you're not just a customer but part-owner of your credit union. Credit unions are not-for-profit, which means that instead of dividends going to shareholders, the profits are put back into the credit union to bring members lower fees and better rates. We are working to make your banking easier and better.
