

SAFETY SERVICES

CAMComp
WORKERS' COMPENSATION PLAN

▶ **CAMComp: Your Partner in Workplace Safety**

Through industry-specific resources and support, we help Michigan's construction professionals build safer workplaces and stronger businesses.

▶ **Safety Services Designed to Minimize Claims & Maximize Safety**

◆ **Safety Training**

From on-site CPR training to Fall Protection classes, our safety experts provide members with the training resources they need to maintain a strong safety culture.

◆ **Automate Safety Program**

Our smart, web-based system allows members to send safety content directly to their teams. Employees can log near-miss reports, request training and flag hazards.

◆ **Personalized Support from Industry Experts**

Each member is paired with a dedicated Loss Control Safety Specialist who specializes in the construction industry and provides personalized guidance.

◆ **CAMComp Safety Center**

Our members-only online portal provides access to checklists, templates, presentations, policies and over 300 training courses available in English and Spanish.

◆ **Hazard Survey**

Members can schedule on-site hazard surveys where a CAMComp Safety Specialist will assess risks and provide actionable recommendations to strengthen jobsite safety.

BUILD WITH CAMCOMP, WHERE SAFETY PAYS OFF
