

MORE THAN COVERAGE: WHY CHOOSE CAMCOMP?

CAMComp
WORKERS' COMPENSATION PLAN

Not all workers' compensation is the same. Led by construction professionals for construction professionals, CAMComp serves as Michigan's leading self-insured workers' comp program.

We provide more than a policy. We provide a partnership that delivers tailored support, potential premium credits and more. Through a shared focus on safety and member success, we help local contractors protect **their people and their future**.

HOW CAMCOMP SUPPORTS MICHIGAN'S CONSTRUCTION INDUSTRY

► BUILT FOR CONSTRUCTION

We only serve the local construction industry. Every aspect of our program is tailored to meet the real needs and risks of Michigan contractors.

► MEMBER-OWNED, MEMBER-FOCUSED

CAMComp is governed by a board of trustees made up of members. That means decisions are made with your best interests in mind, not shareholder profits.

► PREMIUM CREDIT MODEL

We reward safety. When claims are low, unused premium dollars are credited back to members, offering real financial benefits for operating safely.

► VAST INDUSTRY COVERAGE

Our self-insured workers' compensation program provides vast coverage from contractors and subcontractors to builders and suppliers.

► SAFETY RESOURCES THAT WORK

From on-site training to compliance tools, CAMComp offers practical resources to help members build safer, more efficient workplaces.

► LOCAL EXPERTIZE

Our experts guide you every step of the way, offering expert advice and support to ensure you have the right coverage for your specific situation.

COVERAGE CRAFTED FOR YOU

Joining CAMComp means more than protection. It means partnership, peace of mind and the power of a program built for Michigan's builders.
